

Case Study 6.0

MULTIEVENTS
Your preferred Events partner

[Http://www.multievents.mu](http://www.multievents.mu)

The solution

- Migrated the website to Joomla! Ver. 1.5.
- Identified the best Joomla! Extensions for the required features.
- Customized the extensions.
- Wrote custom code for few features.
- Designed the pages with XHTML and CSS.
- Developed both Administrator and User features.
- Deployed the website after migrating the existing content.

The Result

You can see the result at <http://www.multievents.mu>

- Joomla! 1.5 website
- Customized extensions
- XHTML and CSS website
